1974 USHERS IN PROGRAM CHANGES

A look at the inside schedule will reveal a change in time for several programs and the addition of some new network offerings. The new shows include HAPPY DAYS, offering a nostalgic glimpse of the Fabulous Fifties starring a grown-up Ronnie Howard (little Opie of Andy Griffith), along with FIREHOUSE, a new weekly series taken from a highly successful MOVIE OF THE WEEK. Other offerings include CHOPPER ONE, with the good guys being cops who travel the "road" of law and order in a helicopter. DOC ELLIOTT and SIX MILLION DOLLAR MAN will be seen each week, instead of the previous one time per month.

And for you fellows who have been dreaming of JEANNIE... well, note her return to the week-day schedule at 4:30 PM, preceded by the ever-popular FLINTSTONES AT 4:00 PM.

SEE THE STATE OF THE STATE

On Monday, January 14, at 12:00 Noon until conclusion, TV 5 will present live coverage of the State of the State and Budget address when Governor Holshouser speaks to the N. C. General Assembly. And, for you working people, TV 5 ACTION NEWS will present a special 30 minute close-up review of this talk at 7:00 PM that night.
